

Unattended Payments from ADVAM **– changing the way consumers** **make self-service payments**

With consumers increasingly preferring a more convenient way to pay, particularly on lower value, instant purchases, it's time to consider switching to Unattended Payments from ADVAM.

Reliable. Efficient. Secure

ADVAM Unattended Payments Solutions

The core is technology, the key is expertise

Our range of payment terminals for parking and self-service industries enable our clients to eliminate the burden of cash handling, increase operational efficiency, reduce cost of vandalism and increase revenue.

Our CVM and Non-CVM payment terminals allow easy and secure integration of contactless payment into parking and self-service businesses.

24/7 Support

PCI DSS Compliant
– tested to Level 1

EMV Certified

P2PE validated process

Highly protected payment terminals with an IK10 impact rating and ingress protection rating of up to IP65

Multi-machine or single machine integration ready solutions

Trusted by businesses. Used by major airports, shopping centres and parking operators all over the world

Every day, ADVAM delivers world leading payment solutions, processing millions of transactions through our ADVAM Gateway for our clients and their customers – reliably, efficiently and securely.

Support features

- Remote software updates
 - PCI compliance updates
 - Equipment monitoring
 - 24/7 telephone support
 - Account management
 - Onsite tech on request.
- Fees applicable.*

Telemetry

- Available through 3rd party partners

Administration portal

Functionalities

- Cloud-based access
- Manage and refund transactions

Reporting

- Detailed and summary reports
- Access to custom reports
- Billing reconciliation reports

Ability to search for transactions by:

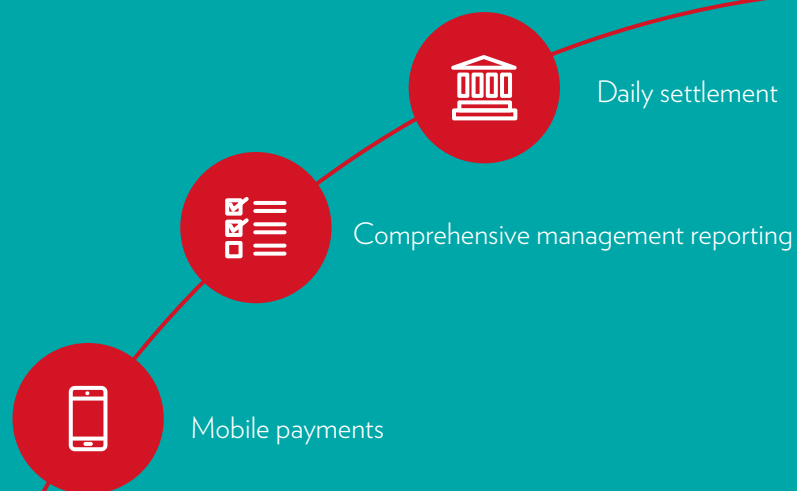

- Reference
- Credit card
- Receipt
- Date

Scheme certifications

- Visa (credit/debit)
- Mastercard (credit/debit)
- American Express

Mobile wallets

- Apple Pay
- Samsung Pay
- Google Pay
